Ask for special conditions for Diamond Service Centers
(training@diamond-air.at)

Bank transfer deadline: 27.February 2012

The **DA40 Series (Austro Engine)** Type Training course is in compliance with
EASA - EC2042 Part66/Appendix III - Type Training B1.2, C - Piston Engine

This training contains all relevant ATA-chapters which are required for type licensing of the **Diamond DA40 Series (Austro Engine)** airplanes and is created for technicians, which want to enter this airplane in their EASA Part66 - B1.2, C - Aircraft Maintenance Licence.

For non EASA members:

It is strongly recommended for licensing that you always get in contact with your National Authority before you start the training!

Course duration: 27 hours (5 days)

Course level: Line and Base Maintenance B1.2 / Level 3

Course start: 09.00 a.m. local time

Participants: minimum 6, maximum 18 persons

Note: We reserve the right to cancel a course if there are not enough participants. In this case we will propose an alternative date.

Place: Diamond Maintenance Training
Ferdinand Graf v. Zeppelinstr. 5
A-2700 Wr. Neustadt/AUSTRIA

Please Notice!

According to the Austro Engine Maintenance Manual all inspections and repairs on the AE300 engine have to be carried out by an organisation which is authorised by Austro Engine.

This course is created together with  **Austro Engine** and covers this requirements for AE Service Center.
